- Set your prices or change them as you need with Smart Technology

Have the best of all worlds

- Your unit can be mobile, stationary, and vending
- Smart Technology gives you maximum download information to manage your profit center

The **Sports-O-Zone Sanitizing System** can be summed up in one word, **versatility**. In this economic environment, **you** need your investment not only to work for **you**, but also when **you** are gone. Welcome to the **Sports-O-Zone Sanitizing System**.

Personnel can be a management headache. Consumable applications create concern over inventories, shortages, or increased maintenance. Capacity restrictions can increase the investment of **your** personal time, while lowering **your** return on equipment processed.

Maximizing **your** time and profitability is the **Sports-O-Zone** way. **You** call the shot. Do **you** want a mobile service? Do **you** want a stationary service? Do **you** want a vending (stand alone) service? Do **you** want it all? High volume or low volume processing? No personnel or some personnel? **You** decide!

Contact us on unit options, our Smart Technology, suggestions on what to charge **your** customers, and marketing support.
