Mr. Pat McKenna  
Sports-O-Zone USA, LLC  
53847 N Park Ave Ste B  
Elkhart, IN 46514

Dear Mr. McKenna,

We have completed the testing on Riddell Football helmets in order to determine if your Sports Ozone application has any undesired effects on the components or protective characteristics of those helmets. After reviewing the data we have concluded that the application had no deleterious effects on the helmets components. We also saw no significant change in the protective characteristics of those helmets.

Sincerely,

A handwritten signature in black ink, appearing to read "N. Kraemer", is positioned below the word "Sincerely,".

Nelson Kraemer
